Directions to Sound Financial Management Limited

From Marsh Mills Roundabout

1. Follow the signs for the City Centre along the A374 the Embankment Rd. This is a dual carriageway.
2. Follow this road for approx 1.5km and then take the left hand fork underneath a road bridge/flyover onto Gydria way.
3. Get into the left hand lane. Follow this road for approx 750m turning left as the road begins to bear around to the right.
4. At this junction you need to go straight onto the traffic lights, which are approx 30m ahead of you. Continue along this road with VUE Cinema complex on the left and then garages on your right until you come to a crossroads with traffic lights. Turn left here.
5. Continue along here (Commercial Rd) for approx 300m and then turn right at the end, where the road bears hard left, onto Teats Hill Rd.
6. Almost immediately, you must turn left into Queen Anne's Battery and Victoria Wharf. Here there are two entrances, one with a manned guard post and one on the left with a simple barrier. Take this one by staying left.
7. At the barrier use the intercom system and one of our staff will automatically raise the barrier for you.
8. You may park anywhere along the left hand side of the road. The office is located on the sea front at the bottom. The entrance is at the front of the building.
